

A hand press has never been so convenient and comfortable on applying grommets/eyelets in various types of projects. CSTEP-2 is engineered to meet demanding of grommet applications in all means for a reasonable price. The innovative design of the ClipsShop CSTEP-2 offers many advantages as compared to standard hand press machines.

CSTEP-2 is a best seller as no other hand press can match the benefits and value of the CSTEP-2.

- ✔ **Unique lever design.** The engineered lever helps reduce the hand force required to apply grommets as compared to a typical hand press.
- ✔ **Enlarged throat depth.** The deeper throat allows much more flexibility in the placement of your grommets from the edge of your projects.
- ✔ **Soft handle grip.** The soft handle grip provides increased comfort for the user during application.
- ✔ **GrommetSniper™ compatibility.** GrommetSniper™ is a unique alignment fixture accessory for CSTEP-2 hand press that assures the precise alignment and spacing of grommets.
- ✔ **Easy to move.** Take the machine to the job rather than the job to the machine.
- ✔ **Interchangeable self piercing dies.** All ClipsShop dies up to size #5.5 and ClipsLed snap dies are compatible with the CSTEP-2 machine. Allows setting many different sizes of grommets by simple die changing process which takes only seconds.
- ✔ **Utilizes self piercing grommets.** So, your hole is cut and set in one operation saving time and money.
- ✔ **Free standing or bench mounted.**
- ✔ **Suitable for applications on various materials.**
- ✔ **Heavy duty durable machine.** CSTEP-2 will provide years of professional performance.
- ✔ **2 years ClipsShop warranty.**
